

## Cauca - COMEPCAFE FLO ID 26236 (GrainPro)

COMEPCAFE is a cooperative in the Cauca department of Colombia. This is a fairly new cooperative. It was founded in 2010.

The COOP currently has 1000 members. The members of this coop are all small holders in the truest sense of the word, most having only a hectare of land or less.

We are excited to offer this FTO coffee as it offers a different, more fruit forward FTO Colombian option for you!

ID# 6481
