

Huila - San Adolfo (GrainPro)

Regional Select is a new project we have created in Colombia meant to highlight the unique profiles we have found are inherent in specific microregions within Colombia. The regions we will begin highlighting to start are Huila, Narino, Cauca and Tolima. This particular lot comes from the San Adolfo region of Huila.

We think that the terroir or soil, sun weather and placement on the planet contribute largely to the flavor of these coffees when picked ripe and handled properly.
