

# Lo Mejor De Mexico #15 By Grapos Vega Del Rosario - FLO ID 19465 (GrainPro)

VEGA DEL ROSARIO (Siltepec) was formed by the following producers:

Julieta Guadalupe González

Martha Luz Roblero Ramírez

Eliseo Reyes

Victorico Guadalupe

These producers originally come from the cooperative Vega del Rosario, Municipio de Siltepec, holders of a share in common land originally and they integrated with la Organización GRAPOS in 2009. They are Certified Organic (EU-NOP) and Fair Trade.

In this area the climate is cold and has the perfect altitude to allow for the coffee beans to maintain the necessary characteristics to be some of the finest coffees in the world. In these microregions of Chipapas, all of the small producers mill their own coffee, each one counting on their own depulping machine. The coffee is fermented in concrete tanks and dried naturally on drying patios made of cement.
