

# Lo Mejor De Mexico #7 By Grupo De Productores Baxtla (GrainPro)

Click [here](#) for additional pictures of Mexico and its coffee growing regions.

In 2009 the 16 producers who today form Productores de Café Sustentable de Baxtla joined together. Their operating philosophy is to increase productivity and improve the quality of their coffees by performing selective cuts during harvest and developing more efficient practices in order to achieve a better standard of living for workers and their families.
